

5 STEPS TO BECOMING BLISS

start your application

APPLY

Once your application is reviewed and accepted, our Hiring Director will reach out directly to set up an interview. This 30-minute video call will help our Leadership Team assess your suitability for providing childcare and discuss specific requirements or expectations we have. It is also an opportunity for you to ask questions about the network and clarify what it means to become Bliss.

INTERVIEW

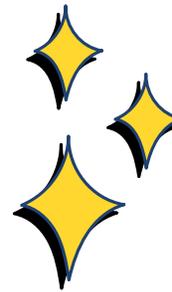

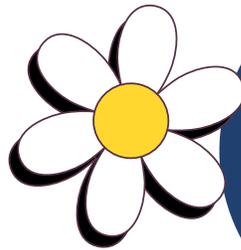

Once your application is reviewed and accepted, our Hiring Director will reach out directly to set up an interview. This 30-minute video call will help our Leadership Team assess your suitability for providing childcare and discuss specific requirements or expectations we have. It is also an opportunity for you to ask questions about the network and clarify what it means to become Bliss.

share this form with your references

REFERENCE CHECKS

After a successful interview, the team will reach out to your references. We require three professional and one personal relationship. These references should ideally be individuals who can vouch for your character, reliability, and experience in teaching or childcare. Bliss will contact these references to gather information about your past performance, professionalism, and ability to handle various situations. It is important to provide accurate and up-to-date contact information for your references to ensure a smooth reference check process!

purchase background check here

BACKGROUND CHECK

To ensure the safety and security of the children in your care, we require all babysitters to undergo a background check. This is a \$30 fee required from the applicant in order to join The Bliss Team. This involves a criminal record check, verification of identity, and driving record check if transportation is involved.

TEAM ONBOARDING

Once all the previous steps are successfully completed, you will be invited to a team onboarding meeting. This meeting serves as an orientation to familiarize you with the network's policies, procedures, and expectations. It will cover topics such as communication channels, scheduling, and specific guidelines that need to be followed being a part of Bliss.

This meeting is also an opportunity to meet other babysitters in the network, ask any remaining questions, and establish a sense of community within the team.

By following these five steps, you can successfully navigate the application process to becoming Bliss and joining our network of trusted and reliable childcare professionals.
